

Online Internship

PRICING & VALUE BREAKDOWN

An Affordable Investment in Your Career

Why Pay for an Internship?

Because your career deserves more than unpaid observation hours.

At Nutrition Connects, you're not just signing up for a certificate, you're entering a structured, interactive, and skill-building experience that prepares you for real-world clinical work, client handling & content creation all in one place. We believe your learning should be practical, guided, and impactful, and that's exactly what this program delivers.

Why It's Better Than a Hospital Internship?

Hospital internships may sound appealing, but most offer limited exposure, often without real interaction, mentorship, or follow-up.

At NC, we guide you, train you, and push you to actually grow.

Program Fee

Rs. 3,000/month × 2 months = Rs. 6,000 total

You get full access to:

- 8 weeks of live sessions and mentorship
- Weekly task-based learning
- Career-building portfolio work
- Certificates and performance recognition

 **No hidden fees. No material costs. No registration charges.**

Just one clear payment structure with everything included.

What Are You Really Paying For?

Real experience you can show on your resume

A supportive learning environment with real mentor

The confidence to start handling clients after the internship

Flexible Payment Option

You can pay monthly easily, Rs. 3,000 for first month, and Rs. 3,000 next month. But remember both installments must be paid to remain enrolled and receive your certificate.
